

Dear Athlete,

Welcome to Special Olympics Idaho!

We are pleased that you have decided to learn more about our wonderful community!

Enclosed you will find information on state level competitions, volunteering, funding and program geography. You will also find an Athlete Application and questionnaire to help better assist you with your choice of sports and activities. Both items must be completed in entirety and returned to the Chapter office before you begin participation. Incomplete Applications will be returned to you. An Area Director will notify you once the registration process is complete.

Each athlete is put on a team that will fit their needs within our program. We also offer coaching opportunities for adult athletes. In order to ensure that the athlete is properly matched with a team, we ask that you take a moment and fill out the information below.

Please mark the following that you have experience and/or interest in:
